VALUE ADDED COURSE
SESSION-2025-2026

CERTIFICATE COURSE IN HUMAN VALUES AND ETHICS

Preface

The Value Added Course I(VAC) on Human Values and Ethics is designed to strengthen the ethical, moral, and social foundations of learners by helpingting them develop a responsible, compassionate, and value-oriented outlook toward life and society. In the contemporary wovworld, rapid technological advancement, increasing competition, and changing social structures have created new ethical challenges in personal, professional, and civic domains. This course provides a reflective space for students to understand the significance of values such as integrity, honesty, empathy, respect, cooperation, and social responsibility, and to relate them to real-life situations.

Learning Outcomes

- To understand the significance of values in personal and professional life
- To understand harmony at all the levels of human living and live accordingly.
- To facilitate the development of a holistic perspective towards life and profession
- To apply the understanding of harmony in their profession and lead an ethical life.
