Rules and Regulations for the Events:-

1) WebScape(Website Design):

WebScape is a platform where students showcase their web skills and create attractive and informative sites using latest tools and technologies like dot net, java, php and html etc.

Final Round:

- Each team will be given a subject to showcase design
- Technologies will be latest web technologies and modules
- Topic will be given on the spot
- Evaluation will be based on Front-end and back-end, it will consist 40%
- 60% to the logic and creativity
- Top team qualified for Mains have to run their site at local server
- No use of Internet

2) Rapid Coderzzz (Software Programming): Programming is similar to a game of golf. The point is not getting the ball in the hole but how many strokes it takes thus sorting out a complicated idea into little steps. And that's the real essence of programming.

Prelims Round:

- A Team should consist of max 2 members.
- There will be a test conducted of 20question within 15minutes.
- There will be -ve marking of 1/2 for a wrong answer.
- 10 teams will be short listed for the final round_

Final Round:

- This programming round contains 2 questions
- Based on C/C++.
- Participant can select anyone of them.
- Above questions will cover implementation of common c and c++ concepts.
- Perform Coding on in C/C++.
