Strategies for Slow and Advanced Learners

Various strategies have been proposed for Slow and Advanced Learners:

Slow Learners	Advanced Learners
1. Individual counseling. 2. Class Test 3. Extra notes. 4. Providing Solution of last 5 years university question papers. 5. Students are encouraged to work in practical hours with fast learners. 6. Remedial Classes 7. Providing Peer Tutoring by advanced learners. 8. Encouraging them to articulate orally in the class and providing more chances for class room participation. 9. Encouraging them to spend more time on reading in library outside the class hours.	1. Advance Assignments related to the thrust area. 2. Encourage them to enroll in MOOCS Courses from NPTEL. 3. Encourage students' participation in technical events, Seminar, conferences, webinar's, online quiz. 4. Tutoring slow learners. 5. Writing assignments on more challenging topics. 6. Group discussion session.
