Screenshot of the webinar:

Don't be over confident

- Attitude plays a key role in your interview success. There is a fine balance between confidence, professionalism and modesty.
- Even if you're putting on a performance to demonstrate your ability, overconfidence is as bad, if not worse, as being too reserved.

The image shows a Zoom meeting window. On the left, a presentation slide with a blue background contains the title 'Don't be over confident' and two bullet points. The first bullet point mentions a 'fine balance between confidence, professionalism and modesty', with 'confidence' and 'modesty' underlined. The second bullet point discusses the negative aspects of overconfidence. On the right side of the window, there is a vertical column of participant avatars, each with a circular icon containing initials (DM, MP, M, MG, AG, TA, SB, SJ, etc.). At the top right, a larger video feed shows a woman in a blue top speaking.

Body Language

The image shows a Zoom meeting window. The main presentation slide has a white background with the title 'Body Language' in bold black text. Below the title is a photograph of five people (three men and two women) standing in a row, dressed in professional business attire. They are all looking towards the camera with neutral expressions. On the right side of the window, there is a vertical column of participant avatars, each with a circular icon containing initials (DM, MP, M, MG, AG, TA, SB, SJ, etc.). At the top right, a larger video feed shows a woman in a blue top speaking. At the bottom of the screen, a Windows taskbar is visible, showing the search bar, task view button, and system tray with icons for network, volume, and battery.

Evaluators and coordinators for the activity were Mr. Mayank Arora and Dr. Nivedita. Initially the Do's and Don'ts of a Group Discussion were reiterated to the students, post which the activity evaluation process was explained to the students. This was followed by the group discussion. The students were divided into two groups and were given 15 minutes for the discussion. The topics were, 1. Money or position, and 2. The impact of Covid - 19 on global economy. The two groups were given a separate topic and were evaluated accordingly. The activity was structured in such a way that it promoted an informal exchange of knowledge, ideas, and perceptions among the participants. Contributions were pooled together and examined in terms of their relevance and validity. The session was very fruitful and was well received by the students who participated in the group discussion. Post the session; Dr. Nivedita guided the students regarding their scope of improvement in respective areas.

Learning Outcome:

- The students learnt how to control the conversation through listening attentively and then having the perseverance to mould it towards his/her own direction
- The students developed their skills in interpersonal communication and in expressing their views in a clear and succinct manner.
- The students realized the outlook of the participants through exposure to new and different experiences and ideas and enrich their understanding of the issues under discussion.
- The students understood the process of evaluation in group discussion.
- The students realized the importance of body language, communication skills, confidence etc. of the student while speaking.
- The students were able to develop interpersonal communication skills and enhance their ability to express views in a clear and succinct manner.
- The students' Listening skills were improved.
- The students' confidence level was raised.
- The students were aware about their shortcomings and weakness

Report:

Employability Index Test through interview was organized for BAJMC 2nd year students on 14th September 2021 by TIAS who are aiming to take jobs in various sectors after completion of their BAJMC degree who are willing to do jobs in different fields as per their ability and choice after completion of their BAJMC program. The purpose of organizing the session was to prepare the students for their placements. The evaluation was done on their subject knowledge and soft skills. The subject knowledge included theoretical knowledge, its practical application and latest development in the relevant area. The soft skills judged were their communication skill, body language, profile fitment, introduction skill and confidence.

The selection of going through interview for Employability Index was based on the fact that mock interviews would be a practice sessions for the students about the look, sound, and feel of actual interviews. Mock interview provides an opportunity to student's actually practicing going through an interview, answering and asking questions, and hopefully learning about the rhythm and possible interview questions they will face in real life.

The panel consisted of Dr. Nivedita, Head, Training and Placement Cell and Mr. Mayank Arora, Assistant Professor, Department of Mass Communication. A total of 30 students participated in the test. Dr. Nivedita made the students comfortable and asked questions related to their field of interest. He provided a constructive feedback to the students regarding area of improvement not only for their technical knowledge but also in soft skills in a low- stressed environment. The two-hour session was coordinated by Mr. Mayank Arora, Assistant Professor, Department of Mass Communication followed by the collection of feedback by students. Mr. Mayank compiled the sheet with the marks and area of improvement

Learning Outcome:

- Students' were evaluated for their employability skills
- Students' got tips to increase their employability skills.
- Students' confidence level increased.
- Students were aware about their shortcomings, so that they can improve it
- Student's interview strategy was enhanced.

- To guide them how to take part in group discussion
- To make them understand the dos and don'ts of an effective group discussion

Report:

A session on "Dos and Don'ts of Group Discussion" was organized by Training and Placement Cell of Tecnia Institute of Advanced Studies on 24.12.21 under guidance of Director sir- Dr. Ajay Kumar.

The motive of the session was to conduct a group discussion among the students, to observe their personality and skills, ability to discuss on the given subject and to guide them on how to take part in Group Discussions. The topic given was "Is dress code matters in educational institutions". The students were given 2 minutes to think over the topic before beginning with the discussion.

The group discussion lasted for about 15-20 minutes.

The highlights of the discussion are as follows:

1. There was an initiator who was also a dominator in the group.
2. The group discussion was in English as well as Hindi both Languages.
3. There were few silent observers who didn't involve in discussion.
4. Some students were fumbling for vocabulary.
5. Students could highlight many important facts and figures pertaining to the topic.
6. Students were unable to understand the topic properly.
7. Lastly nobody could summarize the topic.

Ms. Shilpa Bhandari discussed the do's and don'ts of an effective group discussion and their doubts were beautifully solved by her. The session was interactive & very fruitful in enhancing the skills of the students in resume building and this will definitely benefit them a lot in future. The Training & Placement Cell will continue to work in this direction & lead student towards a brighter and successful future.

Learning outcomes:

- The session helped the students in understanding the suitable and potential career as per their aptitude, personality and interests.
- It helped students understand the skills required to be enhanced for their desired job
- Students were able to clear their doubts related to career options

A Group Discussion activity was organized on 23 October 2021 2022 for BBA 3rd year students by the T&P cell of TIAS under the ambit of Capability Enhancement Scheme. The objective of this activity was to give the students a platform to express their views and opinions on a given topic; helping them enhance their thinking, listening and speaking skills, as these play a critical role during job placements. Evaluators and coordinators for the activity were Mr. Rahul tripathi and Dr. Nivedita. Initially the Do's and Don'ts of a Group Discussion were reiterated to the students, post which the activity evaluation process was explained to the students. This was followed by the group discussion. The students were divided into two groups and were given 15 minutes for the discussion. The topics were, 1. Is Dress code necessary in higher education institution and 2. The impact of Covid 19 on global economy. Each group was given a separate topic and were evaluated accordingly. The activity was structured in such a way that it promoted an informal exchange of knowledge, ideas, and perceptions among the participants. Contributions were pooled together and examined in terms of their relevance and validity. The session was very interactive and was well received by the students who participated in the group discussion. Post the session, Dr. Nivedita guided the students regarding their scope of improvement in respective areas.

Learning Outcome:

- The students learnt how to control the conversation through listening attentively and then having the perseverance to mould it towards his/her own direction
- The students developed their skills in interpersonal communication and in expressing their views in a clear and succinct manner.
- The students realized the outlook of the participants through exposure to new and different experiences and ideas and enrich their understanding of the issues under discussion.
- The students understood the process of evaluation in group discussion.
- The students realized the importance of body language, communication skills, confidence etc. of the student while speaking.
- The students were able to develop interpersonal communication skills and enhance their ability to express views in a clear and succinct manner.
- The students' Listening skills were improved.
- The students' confidence level was raised.
- The students were aware about their shortcomings and weakness.

The purpose of the seminar was to give an idea about the Curriculum Vitae, Resume and formats. The speaker started with simple question of the difference between a resume and curriculum vitae. The answer helped to clarifying the doubts of students that whether as a fresher one has to write a resume or a CV. Trainer gave a general guideline on writing a resume as per the order1. Name, address, mobile no., email, 2. Objective , 3. Education, 4. Work experience with responsibilities , 5. Skills- Educational and Managerial , 6. Achievements, 7. Referrals

The speaker explained the three formats of career summary statement viz. chronological, functional or a combination of both. Students were given the guidelines to write a cover letter.

Student's doubts were solved by the speaker. The session was interactive & very fruitful in enhancing the skills of the students in resume building. Earlier Dr. Nivedita, Head Training and Placement Cell and In Charge IIC introduced to the students to the speaker and described the objective of the webinar. The webinar ended with a vote of thanks by Dr. Nivedita and feedback collection.

Learning outcomes:

- The session helped the students in understanding the significance of professional cv
- It helped students understand the various components of a professional cv
- Students were able to clear their doubts related to latest formats of a professional cv writing.

Report:

A webinar on the topic, Professional C.V. Writing was organized on 24st January 2022 by Training and Placement Cell under the ambit of Capability Enhancement Scheme for students of BA(JMC) programme. The resource person for webinar was Mr. Saurabh. The seminar was attended by 98 students from 1st year of BA(JMC) programme. The purpose of the webinar was to give an idea about the Curriculum Vitae, Resume and formats. Mr. Saurabh started the session with simple question of the difference between a resume and curriculum vitae. The answer helped to clarifying the doubts of students that whether as a fresher one has to write a resume or a CV. Trainer gave a general guideline on writing a resume as per following: 1. Name, Address, Mobile No., and Email 2. Objective 3. Education 4. Work experience with Responsibilities 5. Skills-Educational and Managerial 6. Achievements 7. Referrals. Mr. Saurabh explained the three formats of career summary statement viz. chronological, functional or a combination of both. Students were given the task to write a cover letter and email to Mr. Saurabh. Lastly feedbacks were taken from the students for the session of Professional CV Writing.

Learning outcome:

- Student's learned the skills of effective resume writing.
- Students understood the write order of mentioning contents in CV.
- Students understood the importance of cover letter and how to write it.
- Students' knowledge about different types of templates was increased.

Report:

Employability Index Test through interview was organized for BBA 2nd year students on 31st January'2022 by TIAS who are aiming to take jobs in various sectors after completion of their BBA degree who are willing to do jobs in different fields as per their ability and choice after completion of their BBA program. The purpose of organizing the session was to prepare the students for their placements. The evaluation was done on their subject knowledge and soft skills. The subject knowledge included theoretical knowledge, its practical application and latest development in the relevant area. The soft skills judged were their communication skill, body language, profile fitment, introduction skill and confidence.

The selection of going through interview for Employability Index was based on the fact that mock interviews would be a practice sessions for the students about the look, sound, and feel of actual interviews. Mock interview provides an opportunity to students actually practicing going through an interview, answering and asking questions, and hopefully learning about the rhythm and possible interview questions they will face in real life.

The panel consisted of Dr. Nivedita, Head Training and Placement Cell and Mr. Rahul Tripathi, Assistant Professor, Department of Management Sciences. A total of 31 students participated in the test. Dr. Nivedita made the students comfortable and asked questions related to their field of interest. He provided a constructive feedback to the students regarding area of improvement not only for their technical knowledge but also in soft skills in a low- stressed environment. The two-hour session was coordinated by Mr.Rahul tripathi, Assistant Professor, Department of Management Sciences followed by the collection of feedback by students. Mr.Rahul compiled the sheet with the marks and area of improvement

Learning Outcome:

- Students' were evaluated for their employability skills
- Students' got tips to increase their employability skills.
- Students' confidence level increased.
- Students were aware about their shortcomings, so that they can improve it
- Student's interview strategy was enhanced.

No. of Students:	28

Objective:

- To evaluate the students' employability skill through interview
- To make students learn how to appear in interview.
- To make students learn how to respond in interview.
- To remove their hesitation in interview.
- To improve their body language at the time of interview.

Report:

Employability Index Test through interview was organized for BBA 3rd year students on 1st February' 2022 by TIAS who are aiming to take jobs in various sectors after completion of their BBA degree who are willing to do jobs in different fields as per their ability and choice after completion of their BBA program. The purpose of organizing the session was to prepare the students for their placements. The evaluation was done on their subject knowledge and soft skills. The subject knowledge included theoretical knowledge, its practical application and latest development in the relevant area. The soft skills judged were their communication skill, body language, profile fitment, introduction skill and confidence.

The selection of going through interview for Employability Index was based on the fact that mock interviews would be a practice sessions for the students about the look, sound, and feel of actual interviews. Mock interview provides an opportunity to student's actually practicing going through an interview, answering and asking questions, and hopefully learning about the rhythm and possible interview questions they will face in real life.

The panel consisted of Dr. Nivedita, Head, Training and Placement Cell and Mr. Rahul Tripathi, Assistant Professor, Department of Management Sciences. A total of 28 students participated in the test. Dr. Nivedita made the students comfortable and asked questions related to their field of interest. He provided a constructive feedback to the students regarding area of improvement not only for their technical knowledge but also in soft skills in a low- stressed environment. The two-hour session was coordinated by Mr. Rahul tripathi, Assistant Professor, Department of Management Sciences followed by the collection of feedback by students. Mr. Rahul compiled the sheet with the marks and area of improvement

Learning Outcome:

- Students' were evaluated for their employability skills
- Students' got tips to increase their employability skills.
- Students' confidence level increased.
- Students were aware about their shortcomings, so that they can improve it
- Student's interview strategy was enhanced.

Report:

A Group Discussion activity was organized on 14th February 2022 for BAJMC 1st year students by the T&P cell of TIAS under the ambit of Capability Enhancement Scheme. The objective of this activity was to give the students a platform to express their views and opinions on a given topic; helping them enhance their thinking, listening and speaking skills, as these play a critical role during job placements. Evaluators and coordinators for the activity were Mr. Mayank Arora and Dr. Nivedita. Initially the Do's and Don'ts of a Group Discussion were reiterated to the students, post which the activity evaluation process was explained to the students. This was followed by the group discussion. The students were divided into four groups and were given 15 minutes for the discussion. The topics were, 1. Joint Family or nuclear family, and 2. The impact Online Classes vs Offline Classes. 3. Money vs fame 4. The fourth pillar democracy in media. Each group was given a separate topic and were evaluated accordingly. The activity was structured in such a way that it promoted an informal exchange of knowledge, ideas, and perceptions among the participants. Contributions were pooled together and examined in terms of their relevance and validity. The session was very interactive and was well received by the students who participated in the group discussion. Post the session, Dr. Nivedita guided the students regarding their scope of improvement in respective areas.

Learning Outcome:

- The students learnt how to control the conversation through listening attentively and then having the perseverance to mould it towards his/her own direction
- The students developed their skills in interpersonal communication and in expressing their views in a clear and succinct manner.
- The students realized the outlook of the participants through exposure to new and different experiences and ideas and enrich their understanding of the issues under discussion.
- The students understood the process of evaluation in group discussion.
- The students realized the importance of body language, communication skills, confidence etc. of the student while speaking.

- The students were able to develop interpersonal communication skills and enhance their ability to express views in a clear and succinct manner.
- The students' Listening skills were improved.
- The students' confidence level was raised.
- The students were aware about their shortcomings and weakness.

Report:

A webinar on the topic, Let's Make A Resume was organized on 09th February 2022 by Training and Placement Cell under the ambit of Capability Enhancement Scheme for students of BA(JMC) programme. The resource person for webinar was Dr. Nivedita Head Training and Placement Cell In-Charge IIC. The webinar was attended by 25 students from 1st year and 2nd Year of BA(JMC) programme. The purpose of the webinar was to give an idea about the Curriculum Vitae, Resume and formats. Dr. Nivedita started the session with simple question of the difference between a resume and curriculum vitae. The answer helped to clarifying the doubts of students that whether as a fresher one has to write a resume or a CV. Trainer gave a general guideline on writing a resume as per following: 1. Name, Address, Mobile No., and Email 2. Objective 3. Education 4. Work experience with Responsibilities 5. Skills-Educational and Managerial 6. Achievements 7. Referrals. Dr. Nivedita explained the three formats of career summary statement viz. chronological, functional or a combination of both. Students were given the task to write a cover letter and email to Dr. Nivedita. Lastly feedbacks were taken from the students for the session of Professional CV Writing.

Learning outcome:

- Student's learned the skills of effective resume writing.
- Students understood the write order of mentioning contents in CV.
- Students understood the importance of cover letter and how to write it.
- Students' knowledge about different types of templates was increased

Training and Placement Cell Event Report

Event:	Group Discussion
Date:	15.2.2022
Time:	12:00 PM to 12:50 PM
Platform:	BBA Classroom PG Building TIAS
Students:	BBA (6 th Sem.)
Faculty Co-ordinator:	Rahul Tripathi , Assistant Professor, TIAS
Convener:	Dr. Nivedita, Head Training and Placement and In Charge IIC
Beneficiaries:	61

Objective:

- To evaluate the speaking power, thinking skills and listening abilities of students
- To make students learn how to control the conversation through listening attentively and then having the perseverance to mould it towards his/her own direction
- To develop their skills in interpersonal communication and in expressing their views in a clear and succinct manner.

Report:

A Group Discussion activity was organized on 15 February 2022 for BBA 3rd year students by the T&P cell of TIAS under the ambit of Capability Enhancement Scheme. The objective of this activity was to give the students a platform to express their views and opinions on a given topic; helping them enhance their thinking, listening and speaking skills, as these play a critical role during job placements. Evaluators and coordinators for the activity were Mr. Rahul tripathi and Dr. Nivedita. Initially the Do's and Don'ts of a Group Discussion were reiterated to the students, post which the activity evaluation process was explained to the students. This was followed by the group discussion. The students were divided into two groups and were given 15 minutes for the discussion. The topics were 1. OTT vs THEATRE and 2. Online vs Offline. Each group was given a separate topic and were evaluated accordingly. The activity was structured in such a way that it promoted an informal exchange of knowledge, ideas, and perceptions among the participants. Contributions were pooled together and examined in terms of their relevance and validity. The session was very interactive and was well received by the students who participated in the group discussion. Post the session, Dr. Nivedita guided the students regarding their scope of improvement in respective areas.

Learning Outcome:

- The students learnt how to control the conversation through listening attentively and then having the perseverance to mould it towards his/her own direction
- The students developed their skills in interpersonal communication and in expressing their views in a clear and succinct manner.
- The students realized the outlook of the participants through exposure to new and different experiences and ideas and enrich their understanding of the issues under discussion.
- The students were able to develop interpersonal communication skills and enhance their ability to express views in a clear and succinct manner.
- The students' Listening skills were improved.
- The students' confidence level was raised.
- The students were aware about their shortcomings and weakness.

- To help them prepared for behavioral-based interview questions.

REPORT:

Mock interview session was organized for MBA 2nd year students on 17th February 2022 by T&P cell under the ambit of Capability enhancement program to prepare students for jobs in various sectors after completion of their MBA degree. The purpose of organizing the session was to prepare the students for their placements. It was a one-hour session. Mock interviews are simply practice sessions to teach people about the look, sound, and feel of actual interviews. Mock interview provides an opportunity to student's actually practicing going through an interview, answering and asking questions, and hopefully learning about the rhythm and possible interview questions they will face in real life. The interview questions were related to their field of study and their scope of improvement in respective field. It was an interactive session and was well received by the students.

LEARNING OUTCOME:

- Students' got tips to increase their employability skills.
- Students' confidence level increased.
- Students were aware about their shortcomings, so that they can improve it
- Student's interview strategy was enhanced.

REPORT:

A seminar was organized on 07.03.2022. on the topic, 'Orientation program for Internship, Profile Building and Professional Attitude?' by Training and Placement Cell under the ambit of Capability Enhancement Scheme in MPH, PG Building TIAS for the students of BA(J&MC) 1st year. The resource person was Dr. Nivedita, Head Training and Placement Cell and In Charge IIC, TIAS. The purpose of organizing the session was to give an insight to the students as to what industry demands so that they can groom themselves for the same. The speaker discussed about the scope and avenues after completing BA (J&MC). She described that Covid 19 has changed the entire job scenario and the skill sets requirement. She further elaborated the new normal and how students can align themselves. She suggested the students to understand their strength and to master the technical skills of their desired field and also to go for live projects and internship to make their candidature strong: and also scope prepare students for group discussion. The speaker told the students that that not only hard skills like business analytics, craftsmanship, camera skills, output skills, animation design and graphics etc, the industry is putting more attention to the candidate's soft skills and people management skills like, loyalty, empathy, integration, adaptability, learnability, time management, risk takings, creativity etc. She gave tips to the students to adopt to groom themselves as she said that the expertise in all the skills come with the practice only. The one hour session was well coordinated by Mr. Mayank Arora, Assistant Professor, Department of Journalism and Mass Communication and was well received by the students.

LEARNING OUTCOME:

- Students understood the importance of professional behavior, scope and opportunities after BAJMC.
- Students understood the hard skills and soft skills that are in demand by the industry.
- Students understood the importance of soft skills and people's management skills.
- Students got motivated to develop professional attitude.
- Students' confidence was enhanced.

Objectives:

- To observe student's personality and skills
- To enhance student's ability to discuss on the given subject matter
- To guide them how to take part in group discussion
- To make them understand the dos and don'ts of an effective group discussion

Report:

A session on "Tips for Group Discussion" was organized by Training and Placement Cell of Tecnia Institute of Advanced Studies on 26/4/2022 for BCA, 1ST year students under the ambit of capability enhancement program. The motive of the session was to conduct a group discussion among the students, to observe their personality and skills, ability to discuss on the given subject and to guide them on how to take part in Group Discussions. Students who had appeared in any Group discussion before were also called and were asked to share their experiences. Then one topic was given to a group of students "Corona Virus-Impact on Indian Economy". The students were given 2 minutes to think over the topic before beginning with the discussion.

1. The group discussion lasted for about 15-20 minutes.
2. The highlights of the discussion are as follows:
 - There was an initiator who was also a dominator in the group.
 - The group discussion was in English as well as Hindi both Languages.
 - There were few silent observers who didn't involve in discussion.
 - Some students were fumbling for vocabulary.
 - Students could highlight many important facts and figures pertaining to the topic.
 - Students were unable to understand the topic properly.
 - Lastly nobody could summarize the topic.

Ms. Heena Lal discussed the dos and don'ts of an effective group discussion and their doubts were beautifully solved by her. The session was interactive and very fruitful in enhancing the skills of the students in resume building and this will definitely benefit them a lot in future. The Training & Placement Cell will continue to work in this direction and will lead students towards a brighter and successful future.

Learning outcomes:

- The session helped the students in understanding the suitable and potential career as per their aptitude, personality and interests.
- It helped students understand the skills required to be enhanced for their desired job
- Students were able to clear their doubts related to career options

Report:

A seminar was organized on 09.06.2022 by Training and Placement Cell under the ambit of Capability Enhancement Scheme on the topic, How to Make a Professional C.V. The resource speaker for the webinar was Mr. Amit Poddar, Senior Regional Head, T.I.M.E The seminar was attended by 144 students from 1st year of BBA and BCA programme. The purpose of the webinar was to give an idea about the Curriculum Vitae, Resume and formats. Mr. Amit poddar started the session with simple question of the difference between a resume and curriculum vitae. The answer helped to clarifying the doubts of students that whether as a fresher one has to write a resume or a CV. Trainer gave a general guideline on writing a resume which is as follows: 1. Name, address, mobile no., email 2. Objective 3. Education 4. Work experience with responsibilities 5. Skills-Educational and Managerial 6. Achievements 7. Referrals. Mr. Amit Poddar explained the three formats of career summary statement viz. chronological, functional or a combination of both. Students were given the task to write a cover letter and email to Mr. Amit Poddar Lastly feedbacks were taken from the students for the session of How to Make a Professional C.V.

Earlier, Dr. Nivedita, Head Training and Placement Cell, In Charge IIC welcomed the guest and introduced him to the students. The one hour session was very interactive. It was well coordinated and well received by the students. The seminar ended with a vote of thanks by Dr. Nivedita

Learning outcomes:

- The session helped the students in understanding the significance of professional cv
- It helped students understand the various components of a professional CV
- Students were able to clear their doubts related to latest formats of a professional CV writing.

Report of the Seminar:

The Department of Information, Communication and Technology at Tecnia Institute of Advanced Studies (TIAS) organized a seminar on 9th December, 2022. The topic of the seminar was Internet of Things. Mr. Sanjeev Malik was the resource person for the event. Mr. Sanjeev Malik is the founder of Sapro Electronics and Electricals India Pvt Ltd. With an industry experience of more than 12 years, he has been a key contributor in the development of remote-controlled electronic switch boards, dual axis solar tracker with expertise in complete product development life cycle. His interest areas include Internet of Things, Robotics, System Design and Digital Circuit Design, to name a few.

Further, Dr. Gaurav Sinha, Dean Research & Development, TIAS was the expert speaker for the seminar. Dr. Gaurav Sinha has been a professor in Electronics & Communication Engineering with more than 22 years of experience in teaching and research. He has been associated with several renowned institutions in India and abroad. His interest areas include Digital Communication, Wireless Communication and Optical Communication. The seminar was attended by the 1st, 2nd and 3rd year BCA students of TIAS.

The seminar began with a welcome speech by Dr. Neha Gupta, the convener for the event. She welcomed all the dignitaries and the participants present in the seminar. The seminar proceeded with the auspicious lamp lighting ceremony in the presence of all the guests and faculty members. This was followed by the felicitation ceremony in which Dr. Deepak Sonker, HoD, Department of ICT felicitated Mr. Sanjeev Malik. Next, Dr. Arti Bajaj welcomed Dr. Gaurav Sinha and Ms. Sania Kukkar felicitated Dr. Deepak Sonker.

The seminar was carried forward by an introductory speech by Dr. Deepak Sonker. He thanked the guests for being a part of the event. He also motivated the students to utilise the knowledge of the resource persons as a stepping stone towards Internet of Things. After his speech, Dr. Deepak invited the expert speaker for the event, Dr. Gaurav Sinha to share his knowledge with the students. Dr. Gaurav started his speech by introducing Internet of Things, followed by various examples of IoT devices in everyday life. Then, he explained the working of IoT devices. He also highlighted the advantages and disadvantages of IoT devices. Further, he discussed about the main components of IoT including sensors, gateway, cloud, analytics and user interfaces.

Neha Gupta

Next, the convener invited Mr. Sanjeev Malik on stage to discuss in detail about the topic Internet of Things. Mr. Sanjeev began his speech with a basic introduction to IoT, followed by the working of IoT devices. Next, he discussed about the basics of IoT cloud and various standards followed in IoT industry. Further, the resource person explained about the process of data collection for IoT devices. He also shed light on various applications of IoT such as Smart Grids, Smart Agriculture, Smart Cities, Smart Cars and Smart Homes. Then, he highlighted the advantages and disadvantages of IoT along with its future scope.

To give an experiential learning to the participants, Mr. Sanjeev displayed the working of an IoT device on stage. He showed how an IoT device could be easily controlled from a mobile phone to monitor the movement of a person in its vicinity. The demonstration was a great learning experience for the participants. At the end, Dr. Neha invited Dr. Deepak Sonker to present the vote of thanks. Overall, the seminar was a huge success.

Objectives:

- To understand Static and dynamic routing implementation using Cisco packet tracker: Transmission modes, Network classification, Communication types, Network structure, Network types.
- To learn the technicality about Computer network Model

Report of Workshop:

A workshop on “Static and dynamic routing implementation using Cisco packet tracker” Was organized in Tecnia Institute of Advanced Studies on 19th February, 2022. The resource person for this workshop was Mr. Aman Dureja, Assistant professor, BPIT Delhi. The Students of BCA 1st, 2nd and 3rd year were attended this workshop. The workshop was divided into module and sub modules. The topics discussed in this workshop were as follows:

1. Computer Model
2. Transmission modes
3. Communication type
4. Network structure and types

Mr. Aman Dureja firstly discussed about Computer Networks. Then he explained the benefits of Computer Networks in near future. He also explained the transmission modes and communication type with the help of a diagram. He shared his experience and discussed the scope of networking. He further elaborated the network classification. He demonstrated few codes for finding IP & MAC address. He analysed about IP Address and MAC Address. He discussed about the transmission of data using router practically. He explained the various layers of TCP/IP and OSI model. There was also a question-answer round held where Mr. Anan Dureja satisfied the queries of students.

Mr.Aman Dureja Expalin Communication Model

Demonstration for finding IP & MAC address

Participation of Students in Workshop (Geo Tag)

Learning Outcome:

Students have learnt about:

- the transmission mode to understand Static and dynamic routing implementation using Cisco packet tracker: Transmission modes, Network classification, Communication types, Network structure, Network types.
- the technicality about Computer network Model.

Report of Workshop/Webinar:

Tecnia Institute of Advanced Studies organized a Workshop/Webinar on 25th March, 2022 that was conducted by Mr. Pawan Kumar, Ms. Chitra Yadav and Mr. Atmakumar Rai. Students of BCA 1st, 2nd and 3rd year were a part of this Workshop/Webinar. The Workshop/Webinar was divided into modules and sub modules, that were:

1. Machine learning
2. Virtual reality
3. IOT & Artificial intelligence

The Workshop/Webinar started with a welcome speech by Dr. Ajay Kumar, Director of TIAS. He welcomed the guests of the day and addressed the gathering. The meeting was carried forward by Dr. Deepak Sonker, H.O.D of BCA department. He thanked the guests for being a part of this Workshop/Webinar and also motivated the students and told them to grab this wonderful opportunity and learn new things. In his welcome speech, he asked students to remain focused and to put their constant efforts to achieve excellence, learn innovative things and discussed the significance of Machine learning and AI.

The Workshop/Webinar started an introduction to virtual reality that was given by Ms. Chitra Yadav. She told about the various types of virtual reality and its importance. She also presented some live demos and told the best software used for virtual reality.

The Workshop/Webinar was followed by the introduction speech by Mr. Pawan Kumar on IOT. He further continued by explaining the benefits of IOT in future. He explained the importance and uses of it with the help of a diagram. He shared his experience and discussed the different platforms available for being an IOT expert.

Expert Explained the Concept

Then Workshop/Webinar was carried forward by Mr. Atma Kumar Rai. He told about Machine Learning and its importance in today's world. He also told its categories: Supervised, Unsupervised and Reinforcement Learning. He further told about Artificial Neural Network and its 3 main components: FFNN, CNN, RNN. The Workshop/Webinar became more interesting when he also demonstrated few programs of ML and AI.

In the end of the Workshop/Webinar, there was a question-answer round held where the students clarified their doubts regarding Machine Learning also Mr. Atma Kumar Rai asked few questions related to the topic.

The webinar ended with a thank you speech/note that was given by the event convener Ms. Sania Kukkar.

Learning Outcomes :

Students have learnt about:-

- the basics of Machine Learning.
- the working of AI.
- Facts of Virtual reality
- Applications in IOT

“CYBER SECURITY WORKING IN ASSOCIATION WITH CISCO”

Event: One Day Workshop
Topic: Cyber Security Working in Association with CISCO
Schedule: 11:00 am onwards
Date: 9th June 2022
Day: Thursday
Venue: Online- Microsoft Teams
Resource Person: Mr. Raghvendra Pandey
Convener : Ms. Pooja (Assistant prof., Computer Application Department)
No of Students: 120

The poster features the TECNIA logo and NAAC Accredited Grade 'A' Institute status. It lists the Department of Computer Applications and social media icons. The title 'CYBER SECURITY WORKING IN ASSOCIATION WITH CISCO' is prominently displayed. Below, it lists four resource persons with their photos and titles: Dr. Ajay Kumar (Director, TIAS, Delhi), Mr. Raghvendra Pandey (Master Trainer, NIIT, Delhi), Ms. Pooja (Coordinator Asst. Prof., TIAS, Delhi), and Dr. Deepak Sonker (HOD- BCA, TIAS, Delhi). The date and timing are given as 09, June 2022 (Thursday) from 11:00 AM onwards. Workshop on “Static and dynamic routing implementation using Cisco packet tracker”

Dr. Deepak Sonkar
(HOD-ICT Deptt)

Director
Tecnia Institute of Advanced Studies
(Affiliated to GGSIP University Delhi)
Meditation Chowk, Rohini, Delhi-85

Objectives:

- To understand the concept of Cyber security.
- To learn the technicality of encryption related techniques.
- To learn about the job opportunities in this field.
- To understand the cyber-attacks on digital data.

Report of Workshop:

A workshop on “**CYBERSECURITY WORKSHOP IN ASSOCIATION WITH CISCO**” Was organized in Tecnia Institute of Advanced Studies on 9th JUNE, 2022. The resource person for this workshop was Mr. Raghvendra Pandey ,Master Trainee CCNA(NIIT Foundation). This program provided digital content access in English/Hindi languages to all the participants which helps them in making themselves secure.

Mr. Raghvendra Pandey firstly discussed about Cyber security. Then he explained the benefits of Cyber security in near future. He also explained the concepts with the help of a diagram. He shared his experience and discussed the scope of Cyber Security. He further elaborated the Security Techniques. He demonstrated few codes with the help of encryption techniques. He explained the various types of cyber-attacks. There was also a question-answer round held where Mr. Raghvendra Pandey satisfied the queries of students.

GLIMPSE:

Mr. Raghvendra Pandey

Demonstration with the help of examples

The slide is titled "Denial of Service DoS". It features a diagram of a network with a central server and multiple clients. The text on the slide explains that a Denial of Service (DoS) attack is an attempt to make a machine or network unavailable to its intended users by overwhelming it with a flood of illegitimate requests.

- DoS is a disruption of network services
- **Overwhelming quantity of traffic** - a network, host, or application is sent an enormous quantity of data at a rate which it cannot handle
- **Maliciously formatted packets** - maliciously formatted packet is sent to a host or application and the receiver is unable to handle it

The diagram shows a central server connected to multiple clients. The server is labeled "Server" and the clients are labeled "Client". The diagram illustrates how a flood of traffic from multiple clients can overwhelm the server, leading to a Denial of Service.

Learning Outcome:

Students have learnt about:

- The concept of Cyber Security, to avoid phishing, spam mails etc.
- Importance of Encryption techniques due to which a simple text can be converted into CIPHER text and decrypted at the receiver end
- Job opportunities in this field

Event:	SEMINAR
Topic:	Fundamentals of Networks & Embedded Systems, IOT
Resource Person:	Mr.Naveen Kumar, Lt. Col Shoibal Chatterjee, Mr.Siddharth
Schedule:	9:45 am onwards
Date:	6 th August, 2021
Day:	Saturday
Venue:	Online MS Team Platform
Faculty Incharge:	Ms.Sania Kukkar, Dr.Sonal Dhiya, Ms. Ayushi Dewan, Dr.Deepak Sonker ,HOD (BCA)
No of Participants :	52

Objectives:-

To learn about:-

- To be aware about fundamentals of computer networking.
- To understand embedded system and applications.
- To learn network simulation process.
- To have an insight to day to day uses of IOT with embedded system

Report of Seminar on Fundamentals of Networks & Embedded Systems, IOT:

Tecnia Institute of Advanced Studies organized a seminar on 6th August ,2021. Students of BCA 2nd semester & BCA 4th semester have taken participation in this Seminar. The Seminar was divided into module and sub modules are:

1. Introduction to Data & Networking
2. Fundamentals & Components of IPV4 and IPV6
3. Tools & Technologies for Subnetting
4. MAC and IP address implementation
5. IOT Devices(Resbpery PI, Arduino, Node MCU)
6. Home Automation
7. Cisco Packet Tracer

Dr. Deepak Sonker

Director
Tecnia Institute of Advanced Studies
(Affiliated to GGSIP University Delhi)
Madhuban Chowk, Rohini, Delhi-85

The Seminar started with a welcome speech by Dr. Deepak Sonker, H.O.D of BCA department. In his welcome speech, he asked students to remain focused on Seminar and to put their constant efforts to achieve excellence, learn new innovative things and discussed the significance of Advanced Networks. The Seminar was followed by the introduction speech by Mr. Shoibal Chatterjee and describe in brief about the importance of networking these days. He further continued by explaining the benefits of Network adaptations in future. The Seminar was then carried forward by Mr. Naveen Kumar, Founder and CEO of EMTECH FOUNDATIONS and in the last by Mr Siddharth Tiwari , Presently working with Networking Lions.

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Addresses in a NAT". The slide contains a diagram and two bullet points. The diagram illustrates a local network (yellow box) with a source IP of 172.16.3.1 and a destination IP of 172.16.3.1. A NAT router (pink circle) is shown between the local network and the Internet. The router has a source IP of 200.24.5.8 and a destination IP of 200.24.5.8. The Internet is represented by a cloud. The bullet points state:

- All the outgoing packets go through the NAT router, which replaces the source address in the packet with the global NAT address.
- All incoming packets also pass through the NAT router, which replaces the destination address in the packet (the NAT router global address) with the appropriate private address.

The Zoom interface includes a top bar with "Request control" and "Speed" buttons, a right sidebar with participant thumbnails (AD, DS), and a bottom taskbar with various application icons and system status.

Seminar on Data network fundamentals

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Brief History.....". The slide contains a list of bullet points:

- Software called the **Network Control Protocol (NCP)** provided communication between the hosts.
- In 1972, **Vint Cerf and Bob Kahn**, both of whom were part of the core ARPANET group, collaborated on the Internetting Project 2.
- Cerf and Kahn's landmark 1973 paper utilized the protocols to achieve end-to-end delivery of packets. This paper on Transmission Control Protocol (TCP) included concepts such as encapsulation, the datagram, and the functions of a gateway.
- Shortly thereafter, authorities made a decision to **split TCP into two protocols**: Transmission Control Protocol (TCP) and Internetworking Protocol (IP).
- IP would handle **datagram routing** while TCP would be responsible for **higher-level functions** such as segmentation, reassembly, and error detection. The internetworking protocol became known as TCP/IP.

The Zoom interface includes a top bar with "Request control" and "Speed" buttons, a right sidebar with participant thumbnails (AD, DS), and a bottom taskbar with various application icons and system status.

Mr. Shoibal explained in detailed about the real world examples also explained the use and importance of unicast, multicast and broadcast networks.

In the end of the Seminar, there was a question-answer round, where the students clarified their doubts regarding Networking certifications.

Learning Outcomes:-

- Student Have learn about fundamentals of computer networking.
- Student Have learn embedded system and applications.
- Student Have learn network simulation process.
- Student Have learn uses of IOT with embedded system

Event: One Day Workshop
Topic: Data Science Fundamentals
Resource Person: Mr. Kumar Saurabh
Schedule: 10.30 onwards
Date: 23th July, 2021
Day: Friday
Venue: Online-Zoom Platform
Faculty Incharge: Dr. Sonal Dhiaya, Ms. Ambooj Yadav, Dr. Deepak Sonker, HOD (BCA)
Noof Participants : 50

Objectives:-

To learn about:-

- Domain Expertise
- Computer Science
- Tools & Technologies
- AI Introduction
- Introduction to Jupyter
- Working on Jupyter

Report of Workshop on Pythons:

Tecnia Institute of Advanced Studies organized a workshop on 23rd July, 2021 by Mr. Kumar Saurabh from CAREERERA, Students of BCA 2nd semester & BCA 4th semester have taken participation in this workshop. The workshop was divided into module and sub modules are:

1. Introduction to Data Science
2. Fundamentals / components of Data Science
3. Tools & Technologies
4. AI Introduction
5. Intro & Working on Jupyter

The workshop started with a welcome speech by Dr. Deepak Sonker, H.O.D of BCA department. In his welcome speech, he asked students to remain focused on workshop and to put their constant efforts to achieve excellence, learn new innovative things and discussed the significance of Data Science. The workshop was followed by the introduction speech by Mr. Deepankar from Careerera and describe in brief about the importance of Data Science these days. He further continued by explaining the benefits of Data Science in future. The workshop was then carried forward by Mr. Kumar Saurabh. He briefly explained about Data Science then shared his experience and discussed about the components of Data Science. He also told about various ways for being a Data Science expert, then continued by explaining about Domain Expertise, Mathematics and Computer science.

Workshop on Data Science Fundamentals

Mr. Kumar Saurabh explained in detailed about the real world examples also explained the use and importance of Data Science. The workshop became more interesting when he also demonstrated few codes of Jupyter, then told the various software for downloading Jupyter. He told about the various commands, like type, tuple, list, etc., that were demonstrated on Jupyter.

In the end of the workshop, there was a question-answer round, where the students clarified their doubts regarding Data Science also Mr. Deepanker and Mr. Kumar Saurabh asked few questions related to the topic.

Learning Outcomes:-

- Outline the importance of data in making a business decision.
- Describe the people and processes involved in the data cycle
- Get guided, hands-on experience with Excel and Python to analyse data
- Learn how to use descriptive, predictive and prescriptive analytics to drive growth
- Describe the spectrum of data analytics in business decisions
- Use analytics to extract insights out of datasets and draw conclusions
- Understand hierarchical clustering and get the big picture of large data sets

EVENT: Fit India Freedom Run 2.0

THEME: Fit India Freedom Run 2.0- "Azadi ka Amrit Mahotsav"

NODAL OFFICER: Dr. Rahul Tripathi

CONVENER-INCHARGE: Mr. Inderpreet Singh

STUDENT BENEFICIARY: 11

PARTICIPATION: BBA, BJMC, BCA, MBA

DATE: 13/08/2021

OBJECTIVES OF THE EVENT

1. To encourage people to take up fitness activities such as running and sports in their daily lives.
2. To popularize fitness as a way of life to get freedom from obesity, laziness, stress, anxiety, diseases, etc.
3. To organize the events of fitness run and encourages the students to take part in the fitness run as being practiced by runners / walkers across India.
4. To sensitize the students about the management of healthy lifestyle by running towards the heritage sites in their respective city.

REPORT

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi from 13/08/2021. In contrast with physical activity, based on the theme Fit India Freedom Run 2.0- Azadi ka Amrit Mahotsav. Every student had been intimated to run in their hometown around some historical sites and parks. Being physically fit has been defined as "the ability to carry out daily tasks with vigor and alertness, without undue fatigue and with ample energy to enjoy leisure-time pursuits and to meet unforeseen emergencies".

Fit India Movement is a movement to take the nation on a path of fitness and wellness. It provides a unique and exciting opportunity to work towards a healthier India. As part of the movement, individuals and organisations can undertake various efforts for their own health and well-being as well as for the health and well-being of fellow Indians.

Fit India Movement is conducting Fit India Freedom Run 13.08.2021 to encourage fitness and help us all to get freedom from obesity, laziness, stress, anxiety, diseases etc. The concept behind this run is that "It can be run and promote fitness!" You can-

1. Run/ Visit around historical and iconic places and other important locations of significance.
2. Run your own race at your pace.
3. Track your kms manually or by using any tracking app or GPS watch.

4. Share their photos and videos to be uploaded on fitindia.gov.in

Students Participation in the Fit India Freedom Run 2.0

Promotion of Fit India Freedom Run 2.0 event on Tecnia Institute of Advanced Studies official Social Media Platforms

In the event Fit India Freedom Run 2.0 conducted by Fit India Youth Club, 28 students participated from all the respective departments of Tecnia Institute of Advanced Studies. It was observed that all the participants were keen to engage in the activities like Fit India Freedom Run 2.0 “Azadi ka Amrit Mahotsav” as it provides the different opportunities in their interests other than academic routine based activities.

LEARNING OUTCOME:

1. It will help the students to enhance their fitness regime.
2. It Increases Longevity: It is a known fact that regular physical activity can increase life expectancy and reduce the risk of premature death. Healthy people tend to live longer. This is because the fit one is, the less risk of diseases one has.
3. It boosts physical health as a way of life to get freedom from obesity, laziness, stress, anxiety, diseases, etc
4. It will create awareness and sensitize the students to adopt healthy and peaceful life style.

Objectives

1. To assist students in proliferating their physical and mental peace and calm
2. To help students to tune their mind away from the clutter of thoughts that frequently occupies the mind
3. To make students aware about the risks which can be prevented by doing aerobics.

Report

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 13/11/2021. Aerobic exercise -- sometimes called cardiovascular exercise or cardio -- is exercise that elevates the heart rate and, rather than targeting a single muscle or group of muscles, works several groups of muscles at once. Examples of aerobic exercise include cycling, running, walking, jumping rope and swimming. Aerobic routines are almost always a part of sports conditioning because this form of exercise can ensure that the body is healthy and the muscles work well together.

Students Performing Sessions

Learning Outcome

1. Demonstrate an understanding of health-related fitness components: muscular strength, muscular endurance, and stress management
2. It helps students to improve their personal fitness through participation in aerobics, muscular strength, muscular endurance, and flexibility activities.
3. It results into identification and application of injury prevention principles related to aerobic activities

OBJECTIVES OF THE EVENT

1. To accommodate students to embark the exercise in their daily life routine
2. To improve the fitness level of students
3. To remove their mental stress and anxiety by performing the exercises

Report

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 06/12/2021 in continuation of UGC's letter no 1-54/2019 (Website/Fit India) dated 13th December, 2019 regarding the implementation of "Fit India Campaign" in Higher Educational Institutions. Regular physical activity can help students to improve cardiorespiratory fitness, build strong bones and muscles, control weight, reduce symptoms of anxiety and depression, and reduce the risk of developing health conditions such as: heart disease, cancer, High blood pressure, osteoporosis and obesity. Even though students feel they have no spare time for exercise, they should consider taking at least 30 minutes 3 times a week to go to gym, participate in a fitness class, try a swim session, do some weight lifting, or in any other physical activities they enjoy. Although hours of studying burn mental energy, both your body and mind need physical exercise to function at their peak! Not only can exercise help with concentration and focus but also with mental health. Young people are at highest risk. Some 75% of mental health problems emerge before the age of 25. It's possible that while you are at university you might experience a mental health difficulty.

Exercise helps memory and cognitive function through both direct and indirect means. The benefits of exercise come directly from its ability to reduce insulin resistance, reduce inflammation, and stimulate the release of growth factors—chemicals in the brain that affect the health of brain cells, the growth of new blood vessels in the brain, and even the abundance and survival of new brain cells.

Participation of Students in the event

Learning Outcome

1. It helps students to improve their personal fitness through participation in exercise and incorporating that into their life.
2. It will enable to solve mental stress issues of students
3. It will create awareness and sensitize the students to adopt healthy and peaceful life style.
4. It will result into channelizing their energies into paramount tasks

3. To remove their mental stress and anxiety by performing the different asans of yoga

Report

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 08/01/2022 in continuation of UGC's letter no 1-54/2019 (Website/Fit India) dated 13th December, 2019 regarding the implementation of "Fit India Campaign" in Higher Educational Institutions. Regular physical activity can help students to improve cardiorespiratory fitness, build strong bones and muscles, control weight, reduce symptoms of anxiety and depression, and reduce the risk of developing health conditions such as: heart disease, cancer, High blood pressure, osteoporosis and obesity. Even though students feel they have no spare time for exercise, they should consider taking at least 30 minutes to start their day with yoga, or in any other physical activities they enjoy. Although hours of studying burn mental energy, both your body and mind need physical exercise to function at their peak! Not only can yoga help with concentration but also with heal the mental health.

Participation of Students in the event

Learning Outcome

1. It helps students to improve their personal fitness through participation in exercise and incorporating that into their life.
2. It will enable to solve mental stress issues of students by doing several asans of yoga
3. It will create awareness and sensitize the students to adopt healthy and peaceful life style and perform yoga in their day to day life.
4. It will result into channelizing their energies into paramount tasks

Objectives of the event

1. To generate awareness of our own natural energy, the constant feeling of presence within themselves
2. To assist students in proliferating their physical and mental peace
3. To help students to tune their mind away from the clutter of thoughts that frequently occupies the minds

REPORT

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 15/03/2022. Meditation is a practice where an individual uses a technique – such as mindfulness, or focusing the mind on a particular object, thought, or activity – to train attention and awareness, and achieve a mentally clear and emotionally calm and stable state. Meditation may significantly reduce stress, anxiety, depression, and pain and enhance peace, perception self-concept, and well-being. Research is ongoing to better understand the effects of meditation on health (psychological, neurological, and cardiovascular) and other areas.

The idea behind the organization of the event is to inculcate the meditation in the daily lives of participants so that they can relieve the day to day stress and channelize their energy into meaningful content. Having a sharp memory is necessary for high academic performance, and practicing mindfulness can go a long way toward increasing students' ability to remember their course material. Moreover, there are additional benefits for the students to perform meditation such as decreased stress, improved concentration, emotional wellbeing, creativity and better sleep. 25 students participated from all the respective departments of Tecnia Institute of Advanced Studies, Delhi. It was observed that all the participants were keen to engage in this activity as it provides the different opportunities in their interests other than academic routine based activities.

It aims to address the concerns of the students to promote healthy lifestyle and to create awareness or sensitization through workshop or seminars on depression, anxiety and stress management for faculty and students.

Glimpse of the event

Learning Outcome

1. It helped the students to minimize their stress level.
2. It resulted into channelizing their energies into paramount tasks
3. It created awareness and sensitize the students to adopt healthy and peaceful life style.
4. It helped the students to improve attention and reduced intra conflicting behavior

Objectives of the event

1. To improve the fitness level of the students
2. To assist students in proliferating their physical strength by generating awareness of cross fit exercises
3. To help students to tune their mind away from the clutter of thoughts that frequently occupies the minds

REPORT

This event was organized by Fit India Youth Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 23/04/2022 in continuation of UGC's letter no 1-54/2019 (Website/Fit India) dated 13th December, 2019 regarding the implementation of "Fit India Campaign" in Higher Educational Institutions.. Cross fit is the exercise which is different from regular workout with number of benefits such as accelerate weight less, protect the joints, functional movement exercises which is performed at the high intensity level. Cross Training is a sport based on strength and structured metabolic conditioning, which incorporates exercises from a range of different sports disciplines into a single session

The idea behind the organization of the event is to inculcate the meditation in the daily lives of participants so that they can relieve the day to day stress and channelize their energy into meaningful content. Having a sharp memory is necessary for high academic performance, and practicing mindfulness can go a long way toward increasing students' ability to remember their course material. Moreover, there are additional benefits for the students to perform meditation such as decreased stress, improved concentration, emotional wellbeing, creativity and better sleep. It was observed that all the participants were keen to engage in this activity as it provides the different opportunities in their interests other than academic routine based activities. The students of TIAS had participated in the different crossfit exercises organized in the college.

It aims to address the concerns of the students to promote healthy lifestyle and to create awareness or sensitization through workshop or seminars on depression, anxiety and stress management for faculty and students.

Glimpse of the event

Learning Outcome

Students have

1. learnt the exercises to minimize their stress level.
2. improved their agility, balance, and flexibility

REPORT

Reference to email received from NSS Cell, GGSIPU on 20.04.2022 at 4:52pm, regarding celebration of International Day of Yoga (IDY) 2022 on 21st June, 2022.

In compliance of the same, NSS Cell, Tecnia Institute of Advanced studies celebrated International Yoga Day for the benefit of students and staff with the theme “Yoga for Humanity”

This celebration was intended to increase the knowledge of the students, faculties about benefits of Yoga physically, mentally and spiritually. The key focal point of the program was to make sure each individual gets awareness about way to perform Yoga.

The participants have learned about the different ways and postures to follow while doing the Yoga and related benefits on health and body and these students became the torch bearers of importance of yoga in their society and enlightened the people about the importance of Yoga . Ms Vaishali Prasad, NSS Nodal Officer welcomed Dr. Abhishek Bansal, Naturopath and Yoga Expert to conduct the yoga session.

Bound Ankle Pose

Sitting on the floor, bend knees and open them out to the side like a book. Join the soles of your feet together while sitting upright.

Place fingertips on the floor directly behind you and lengthen up through the spine. You can also hold onto your ankles and hinge forward at the hips.

Sukhasana or Easy Pose

Amazing one for beginners as it gives one the desired comfort. The *asana* is beyond the horizons of the physical dimension and gives a spiritual bliss. *Sukhasana* is best to reduce anxiety and stress and mental tiredness. It corrects the body posture and stretches the chest and spine.

CLOSING

Dr. Ashutosh Bajpai Head IQAC, Associate Professor Tecnia Institute of Advanced Studies, New Delhi gave a vote of Thanks and expressed his gratitude towards Instructors by addressing them. He also performed the yoga with the instructors. He informed about the benefits and his inclination in practicing the art. He also addressed the students and motivated all of us to grow and learn Yoga and enhance their concentration
