Alumni Engagement

A strong alumni network is an achievement of TIAS. We, at TIAS believe that the alumni are the brand-ambassadors of the institution. TIAS harbours a strong and a positive relationship with their alumni, which are benefitting them socially, academically and professionally. Likewise even the alumni community of TIAS feels apart from nostalgia, they can be associated with alma-mater to help in placements, mentorships, career guidance and volunteerism for guest lectures, seminars, workshop and interactions. More than 2400 alumni are connected through the official TIAS Alumni page on Facebook.

TIAS finds that the alumni network has been and will always be a powerful asset in either environment - associative and professional; and that an effective alumni network assures the alumni as a significant stakeholder by making them actively participate in the institution's developmental activities. Alumni Engagement in the Academic Year 2021-22.
