**NSS Volunteers contribute to the success of the Clean India Drive.**

**Report:**

The Clean India Campaign at Tecnia Institute of Advanced Studies (TIAS) was celebrated with immense enthusiasm and saw the active participation of the entire campus community. A series of activities were conducted as part of this campaign, both on and off the campus, reflecting the institute's commitment to contributing to the nationwide Swachh Bharat Abhiyan. The event commenced with all faculties, administrative staff, supporting staff, and students collectively taking the Clean India Pledge. This pledge symbolized their shared responsibility in keeping their environment clean and promoting hygiene. Following the pledge, the participants embarked on a cleanliness drive, focusing on both the institute premises and the surrounding areas. Teams were strategically formed, with students

	<p>and faculty members assigned specific responsibilities to ensure efficient execution of the cleanliness activities. The teams worked in various sections of the campus, ensuring that no area was left unattended.</p> <p>As part of the broader Swachh Bharat Abhiyan 'Clean India Drive,' TIAS organized several impactful activities aimed at raising awareness about cleanliness and hygiene, particularly among underserved communities. The institute had adopted a nearby village and slum area as part of its social responsibility initiatives. The Clean India Campaign extended to these areas, where students and faculty interacted with the local population, spreading awareness about the importance of cleanliness in maintaining public health and overall well-being. The initiative aimed to create a long-lasting impact by educating villagers and slum dwellers on how to maintain cleanliness in their daily lives.</p> <p>In addition to these local efforts, a group of student volunteers and faculty members also visited Guru Gobind Singh Indraprastha (GGSIP) University to participate in the Mega Clean India Drive 2.0. Their participation in this larger event showcased the institute's broader commitment to the national mission of a cleaner India. The collaborative effort between institutions further highlighted the significance of collective action in addressing issues related to public hygiene.</p> <p>The Clean India Campaign at TIAS was a resounding success, effectively fostering a sense of responsibility and community participation in maintaining cleanliness.</p>
