Agenda Points:

1. Discussion on the Academic Session 2023-2024

Academic session 2024-2025 was an engaging and enriching year of exploration and innovation.

Throughout the academic session, the Technical Club organized a wide range of activities and workshops that aimed to foster a passion for technology and its applications among the students

Workshops and Training Sessions: Several workshops were conducted on various topics, including robotics, artificial intelligence, IOT and cyber security. These sessions allowed the participants to enhance their technical skills and gain practical knowledge.

Guest Lectures: Distinguished speakers from the industry and academia were invited to deliver insightful talks on emerging technologies, industry trends, and career opportunities in the tech sector. These lectures provided valuable insights and exposed the students to real-world applications of technology.

The closing of the academic session of our Technical Club was a resounding success, and it would not have been possible without the enthusiasm, dedication, and collaboration of all the members involved. The club's activities have significantly enriched the technical knowledge and skills of the participants and contributed to the overall growth of the institution.

As we conclude this academic session, we eagerly look forward to the next year, where we aim to build upon our successes and bring even more innovative and exciting opportunities for all members of the club.

Technical club event's certificate issued by Technical club under ICT department. Technical club Event's report uploaded on website.
