Report: Description in (min 250 to max 800 words)*

On October 20, 2022, Tecnia Institute of Advanced Studies marked Diwali with an impactful celebration centered on environmental consciousness. The highlight of the festivities was a Nukkad Natak (street play) performed by the college's Dramatics Society, "Mridang," focusing on promoting an eco-friendly Diwali.

Held in an open space on campus, the Nukkad Natak captivated the audience with its engaging and educational portrayal of sustainable Diwali practices. The play addressed critical environmental issues related to traditional Diwali celebrations, such as pollution from fireworks and the disposal of non-biodegradable decorations. Through vibrant performances and interactive storytelling, "Mridang" effectively communicated the importance of adopting eco-friendly practices without diminishing the festive spirit.

The performance emphasized practical steps for an environmentally responsible Diwali, such as using natural colors for rangoli, opting for eco-friendly diyas, and minimizing the use of firecrackers. The play's blend of humor, drama, and informative content resonated with the audience, encouraging them to make more sustainable choices.

The event was well-received by students and faculty, who appreciated the innovative approach to celebrating Diwali while raising awareness.
