Objective

The primary objective of the Nukkad Natak was to:

- Highlight the significance of the Right to Education (RTE) Act, 2009.
- Spread awareness about the barriers to accessing education, especially for underprivileged children.
- Motivate the local community to contribute towards making education accessible for all.

The event was conducted under the guidance of **Club In-Charge, Sonia Batra**, who ensured seamless organization and execution. The venue, District Park in Rohini, provided an open space for maximum engagement with the audience, which included passersby and local residents. The enthusiastic participation of **Tecnia students** as performers and advocates made the event a success.

The street play revolved around the struggles faced by children in accessing education, due to factors like poverty, child labor, and social discrimination. The students portrayed these challenges with compelling performances, highlighting the societal obligation to ensure that every child receives an education.

Outcome

The Nukkad Natak successfully captured the attention of the audience, sparking a discussion about the Right to Education and the role each individual can play in its promotion. The event was impactful in terms of raising awareness and inspiring a sense of responsibility within the community to uphold the rights of children.
