REPORT

The performers of Mridang, The Dramatics Society of Tecnia Institute of Advanced Studies performed a Street Play on the topic "Adoption bhi ek Option" on 31st March 2023.

Our Cultural Club tries to address various social causes by understanding the dynamics and nuances of the world around us, by observing the grassroots issues closely and at other times, by imagining and creating a utopian world order as an alternative. An event organized by Mridang, The Dramatics Society has created an awareness regarding Adoption which offers children the chance to reach their potential in a stable, loving and permanent home.

It is one of the most selfless and rewarding things a person or couple could do in their life,

While many adoptive parents choose adoption as a practical means to start their family, the effects of adoption are often more profound and rewarding than they ever could have imagined.

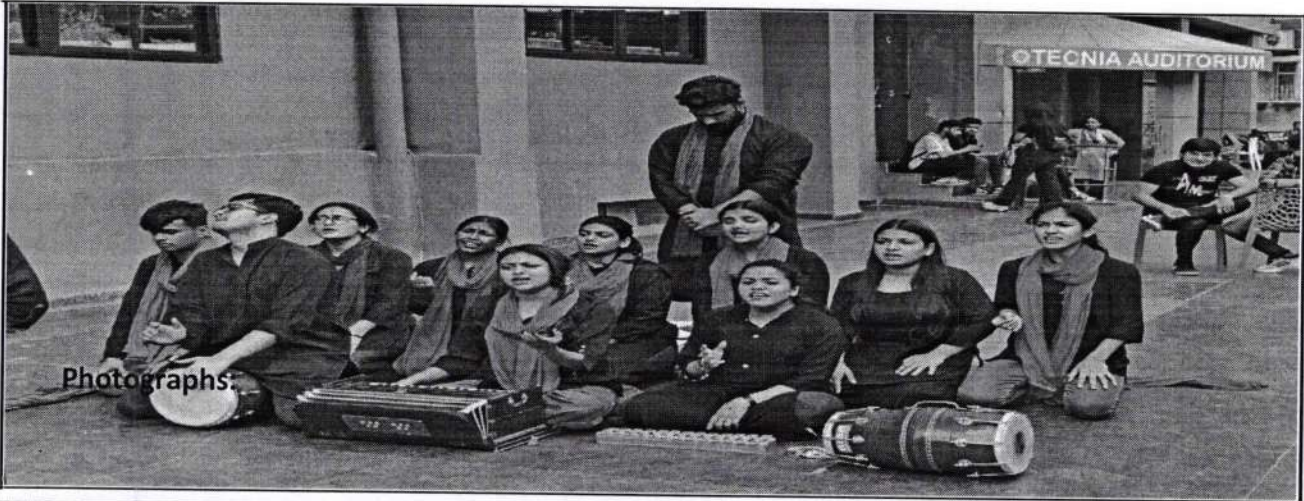

•Adoption benefits families in countless ways:

- A. Adoption gives hopeful parents the opportunity to raise a child they wouldn't have otherwise for couples struggling with infertility, adoption is a guaranteed way to add a child to their family, without the emotional and financial risk involved in IVF treatments.
- B. Adoption allows couples and single adults to share their life with a child and enjoy the unique experience of parenthood
- C. Adoption builds rewarding, meaningful relationships between adoptive families and birth parents
- D. Adoption provides loving, stable homes to children who need them.
