**Students with community members creating awareness about Women's Health and Hygiene**

### Interaction of students on Women's Health and Hygiene

#### Detailed Report

The Gender Champion Club organized an **Awareness Campaign and Discussion on Women's Health** at Nangli Poona Village (village adopted under UBA) to educate the community on crucial health issues affecting women. The event aimed to promote open discussions on reproductive health, including the menstrual cycle, menstrual hygiene, and menstrual health. The discussion covered the importance of understanding the menstrual cycle, managing menstrual hygiene effectively, and addressing common health issues related to menstruation. Participants were educated on myths and misconceptions surrounding menstruation, as well as best practices for maintaining hygiene during periods. An interactive Q&A session allowed attendees to seek advice and clarify doubts. Volunteers demonstrated proper menstrual hygiene practices, and free sanitary kits were distributed. The event concluded with a pledge to prioritize women's health and support one another in seeking medical help. The campaign successfully raised awareness, encouraged

	<p>proactive healthcare, and fostered an open dialogue about women's well-being. The Gender Champion Club plans to conduct similar initiatives to ensure sustained awareness and empowerment in Nangli Poona Village.</p>
