<b>Report on Tree Plantation Drive</b>	
<b>Title of Activity*</b>	<b>Tree Plantation Drive</b>
<b>Values</b>	<p><b>Environmental benefits</b></p> <p><b>Community Engagement</b></p> <p><b>Educational Opportunities</b></p>
<b>Learning Outcomes</b>	<p><b>Environmental Awareness:</b> Through tree plantation drives, individuals learn about the importance of trees in the ecosystem, the benefits they provide, and the role they play in environmental sustainability. This increased awareness can lead to a greater appreciation for nature and a sense of responsibility towards protecting the environment.</p> <p><b>Teamwork and Collaboration:</b> Participating in tree plantation drives often involves working in teams to plan, organize, and carry out the planting process. This fosters skills in communication, cooperation, and collaboration, as individuals come together to achieve a common goal.</p> <p><b>Practical Skills:</b> Tree plantation drives provide hands-on experience in planting and caring for trees. Participants learn about the proper techniques for planting, watering, and maintaining trees, which can be valuable skills for future environmental initiatives.</p> <p><b>Community Engagement:</b> Tree plantation</p>

	drives bring communities together and create a sense of shared responsibility for environmental stewardship. Participants learn the importance of community involvement in addressing environmental challenges and the power of collective action.
<b>Organized by (Dept./ Centre/Cells/Clubs/ Committees Name) *</b>	<b>Eco Club</b>
<b>Program Theme*</b>	To protect the environment and to help people understand the values of trees
<b>External Expert/Internal Expert</b>	-

<b>Date*</b>	17 <sup>th</sup> September, 2024
<b>Time*</b>	10:00 AM
<b>Venue</b>	District Park, Rohini, Delhi

**Report: Description in (min 250 to max 800 words) \***

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health, and also reduce carbon footprints

The Tree plantation drive event aimed to promote sustainable and create awareness regarding climate change. It served as a platform for raising awareness about the environmental impact of consumerism and encouraging individuals to make responsible decisions when purchasing products and services.

A range of 200 plants were planted in a nearby garden and locality to create an awareness about saving trees. Me and my family planted different plants on our terrace and balcony.

**Expert Talks and Workshops:** Distinguished environmentalists and experts delivered engaging talks about planting more trees and creating our environment Green and Healthy.

**Interactive Discussions:** Attendees actively participated in discussions about the importance of stopping deforestation and planting more trees as our eco system is in danger and we are responsible.

**Pledges and Commitments:** We pledged to plant as many trees as possible near our areas so as to create a Healthy environment and contribute in minimizing the climate changes

The main reason of this drive was to spread awareness about keeping our environment clean and green and I think we successfully achieved our goal.
