Report: Description in (min 250 to max 800 words) *

The "Say No to Plastic" activity was organized to raise awareness about the harmful impact of plastic pollution and to encourage sustainable practices among students. The initiative aimed to educate participants on the dangers of single-use plastics and to promote eco-friendly alternatives that help protect the environment.

As part of the activity, students engaged in a variety of interactive and informative sessions. These included poster-making competitions, and presentations that highlighted the consequences of plastic waste on marine life, soil quality, and human health. Students also showcased innovative ideas for reducing plastic usage in daily life, such as using cloth bags, steel or glass containers, and biodegradable packaging.

Through the activity, students gained valuable insights into the long-term environmental damage caused by plastic pollution. They also learned how small lifestyle changes can make a significant difference in conserving natural resources. The event emphasized values such as environmental responsibility, teamwork, creativity, and civic sense.

One of the key outcomes of the activity was the development of a more conscious and proactive attitude toward sustainability. Students took pledges to minimize their use of plastic and to spread awareness in their homes and communities. The event successfully instilled a sense of duty among young learners to be responsible stewards of the environment.

Overall, the "Say No to Plastic" activity was a meaningful and impactful experience that empowered students to contribute to a cleaner and greener planet.
