Report: Description in (min 250 to max 800 words) *	<p>A event on Vermi Composting Process was organized by the Eco Club of Tecnia Institute of Advanced Studies (TIAS) on 6th January 2025. The event aimed to raise awareness about sustainable waste management practices and introduce students to the benefits of composting using earthworms. The session also offered students a hands-on experience in making compost, with the objective of encouraging environmentally responsible behavior on campus and beyond.</p> <p>After the informative session, students were given the opportunity to engage in a hands-on composting activity. The students actively participated in preparing the compost mixture by combining organic waste and earthworms. They were guided through the process of layering and maintaining the composting system.</p> <p>The TIAS campus is equipped with a compost machine, which was used as part of the practical demonstration. The students observed how the compost machine helps in accelerating the composting process, turning organic waste into compost more efficiently. The machine's use was demonstrated to show how it helps in large-scale composting efforts, which could be implemented across the campus to handle daily waste.</p>
Recourse Person Profile	NA
Attendance Sheet*	<i>Attached at the end of Report</i>
Feedback	<i>Sample feedback Attached at the end of Report</i>
Report Submitted by Convener <i>(write faculty coordinator name)</i>	Ms. Aastha
For Office Use	
Signature of Event Coordinator	Signature of School/Department Head <i>(With Seal)</i>
