Students discussing about the EVM/VVPAT

Report: Description in (min 250 to max 800 words)*

The Electoral Literacy Club (ELC) of Tecnia Institute of Advanced Studies organized an informative event titled "Ballot Bistro on EVM/VVPAT Awareness" on 7th November 2024. Held in Room No. 1409, PG Building, the session aimed to raise student awareness regarding the use of Electronic Voting Machines (EVMs) and Voter Verifiable Paper Audit Trail (VVPAT) systems in Indian elections. The session began at 02:30 PM under the guidance of Dr. Parul Gaba, Nodal Officer of the Electoral Literacy Club, with the support of student coordinators Mr. Alok and Ms. Nidhi. The event opened with an explanation of how EVMs function, their structure, and how they have replaced traditional ballot papers to ensure faster, more secure elections. Special attention was given to the role of the VVPAT system, which enables voters to verify that their votes are cast as intended. A live demonstration was presented using a model EVM and VVPAT machine, helping students

	<p>understand the process from start to finish. The demonstration clarified several misconceptions and improved confidence in the reliability and transparency of the electoral process.</p> <p>The session encouraged an open dialogue about the role of technology in elections, the importance of transparency, and how tools like the VVPAT ensure accountability and voter trust. Students engaged in a Q&A session where queries about tampering, malfunctioning, and the counting process were addressed with factual information. The event concluded with students expressing a renewed sense of trust in the electoral system and an appreciation for the technological advancements made to strengthen Indian democracy. The initiative significantly contributed to their understanding of electoral integrity and voter empowerment.</p>
