**Report: Description in (min 250 to max 800 words)\***

The Electoral Literacy Club of Tecnia Institute of Advanced Studies successfully organized a thought-provoking event titled “*Ballot Bistro on Online Voting: Opinion and Exit Polls Should Be Restricted and Regulated*” on 12th October 2024. The event was held in the Multi-purpose Hall of the PG Building and began at 12:30 PM. This initiative aimed to create awareness among students about the critical role of opinion and exit polls in shaping electoral outcomes and public perception. The program theme focused on the ethical and democratic need to regulate such polls to maintain fairness and transparency in the electoral process. Under the guidance of Dr. Parul Gaba, Nodal Officer, ELC, the event provided a platform for students to express informed opinions,

	<p>engage in meaningful dialogue, and understand the implications of premature dissemination of poll data. Discussions revolved around how unrestricted polls can influence voter behavior, media bias, and the potential violation of democratic norms. Student coordinators Mr. Tanishq and Ms. Rukaiya played an instrumental role in organizing and facilitating the event, ensuring active participation and smooth execution. Participants demonstrated commendable analytical and critical thinking skills, aligned with values such as integrity, inclusiveness, and constitutional responsibility. The event successfully instilled a sense of civic duty and promoted the importance of informed decision-making in a democratic society. The program concluded with an interactive Q&amp;A session, leaving attendees with enhanced awareness of their roles as responsible citizens and the need to safeguard electoral integrity through ethical regulation. Participants expressed keen interest in similar future initiatives and appreciated the opportunity to critically engage with real-world democratic issues. The event not only enriched their understanding but also reinforced the importance of upholding constitutional values in the electoral process.</p>
