**Report:**

An Awareness Campaign on HIV-AIDS was organized by Red Ribbon club of Tecnia Institute of Advanced Studies at Bhalswa Dairy, New Delhi, 110042 on 28<sup>th</sup> October 2024. The fact that a new virus is discovered every day around the world was brought to light by volunteers. They continued, saying that "in order to make our planet safe and raise awareness about AIDS, we should all take constructive steps to eliminate chronic diseases."

Aman Gupta, a 3<sup>rd</sup> year BBA student and a RRC volunteer spoke to Bhalswa Dairy residents, providing them with an extremely pertinent discourse about HIV/AIDS including its causes, symptoms and

treatments. Further the team discussed a number of methods that young people might opt to prevent harm and raise awareness to safeguard the society. Positively, the students along with the NSS volunteers- showed their focus and excitement about the issues raised by AIDS by holding signs on how to prevent the dreadful disease.

I would like to express my gratitude to our management for inspiring us to set up this wonderful event and for giving us the forum to spread knowledge about AIDS and integrate it in the society.

Dr. Sheenu Arora, the Red Ribbon Club’s in-charge, and the club’s coordinator successfully planned and executed this event.
